

Blanket Blessings Directions for at-home projects

Thank you for your interest in Blanket Blessings!

To make a fleece blanket for a person who is homeless, you will need to purchase **anti-pill fleece**.

You will need the same amount in both a print and a solid that matches it in the following measurements:

Child's blanket- 1 yard of each fabric

Woman or teenage girl blanket-1 and ½ yards of each fabric

Man or teenage boy blanket- 2 yards of each fabric

- Place the two fabrics directly on top of each other.
- Feel the fleece to be sure that the softest side of the fleece is facing **outside**.
- Cut a 5-6 inch square out of each corner of both fabrics.
- Next, cut 1-inch strips along all four sides.
- Finally, tie double knots with each of the strips.

There are additional directions available on YouTube under the search term "fleece prayer blanket." When you complete the blanket, bring it to the Welcome Desk at Christ United Methodist Church. Our staff will be sure to deliver your blanket to a person who is homeless in our community.
